

## WU, Xiaoying

---

Partner, Manager, Senior Patent Attorney

Working Languages: Chinese, English

### Practice Experience:

---

Ms. Wu is skilled in patent application drafting, office action responses, reexamination, invalidation, administrative litigation, patent due diligence and freedom-to-operate investigation, patent analysis and other services. She has accumulated rich patent legal service experience in the fields of pharmacy, life sciences, chemistry, materials science and other technologies. In addition to handling Chinese patent applications, Ms. Wu also has the qualification to handle US patent applications. Ms. Wu also cooperates with local lawyers to complete patent agency services in Europe, Canada, Australia, India, Brazil and other countries and regions in the patent application granting procedure.

Ms. Wu has rich experience in Chinese and English drafting. She was selected as one of the first batch of high-level talents in the patent agency industry (patent document drafting type) by the All-China Agents Association in 2013. The international application PCT/CN2014/091138 she drafted was included in the "National Excellent Invention Patent Application Agency Case Selection (2016)". The invention patent invalidation case (invention name: "Phenylpiperazine derivatives as serotonin reuptake inhibitors") represented by Ms. Wu was selected as one of the top ten cases of patent reexamination and invalidation by the China National Intellectual Property Administration in 2022.

Ms. Wu joined Lung Tin in 2002. She was licensed to practice as a Chinese Patent Attorney in 2005, and was designated as a litigation patent attorney by the Supreme People's Court in 2013, and obtained the qualification of US patent attorney in 2019.
